Team Work, Hard Work, Quality Work

King Paving & Construction Company

www.kingpaving.com

Since 1928, King Paving & Construction Company has been an industry leader known for a commitment to its clients and to the highest quality of service. King Paving & Construction Company is a full service, underground and surface contractor. KING upholds a longstanding reputation as a quality road-building company, but also specializes in civil construction services related to industrial, commercial and institutional projects.

Road-Building Services

King Paving & Construction Company is a vertically-integrated, road-building company that operates its own Aggregate & Asphalt Facility, which allows for full control of production scheduling and output quality. KING's road-building services include:

- Highway, Municipal & Subdivision Paving
- Asphalt Milling
- Curbs & Sidewalks

Asphalt & Aggregate Production

King Paving & Construction Company offers a wide range of products including:

- Marshall & Superpave Asphalt Mixes
- Hot, Warm & Cold Asphalt Mixes
- Recycled Concrete & Asphalt Aggregate

Site Services

King Paving & Construction Company provides full underground and site services, which allows clients to rely on a single site contractor from start to finish. KING's site services include:

- Sewer & Watermains
- Drainage Works & Retention Ponds
- Excavating & Grading

Concrete & Specialty Services

In addition to standard-concrete curb and sidewalk work, King Paving & Construction Company offers a number of specialty concrete services. The following concrete and specialty services show our versatility and breadth of technical knowledge:

- Slabs & Walls
- Decorative Concrete
- Roller Compacted Concrete (RCC)
- Pervious Concrete
